- Teacher software how to's
- Student iPad how to's
- Sound Equipment
 - Mixers
 - Bluetooth
 - XLR Cables

This side of the page is accessing the 82 files I am sharing through Google Drive. I recommend that you download and save your own copy of what you want to keep long-term.

← this is how to download a whole folder at a time.

Use this side of the page if something goes wrong on Google. My dropbox pro account expires on Nov 1st, so if you are using this version download the files before then to be guaranteed access.
